CLAIMS AND INQUIRIES DIVISION

The Claims and Inquiries Division's primary function involves the review of consumer complaints. The review of these complaints includes contacts with the company or agent the complaint has been directed towards and an evaluation of that company or agent's position.

All formal complaints are recorded into a computer system which allows the Department to monitor complaint ratios of individual companies, as well as trends in complaints against both agents and companies.

In 1984, the Claims and Inquiries Division opened 3,237 complaint files and closed 2,993 complaint files. A breakdown of the 1984 closed complaint files providing the volume by type of insurance involved reveals the following:

LEGAL DIVISION

The duties of the Legal Division are to prepare Department regulations, bulletins and legal interpretations, to represent the Department in administrative hearings, to process applications by insurers for certificates of authority, to render legal advice on policy form approvals and to enforce compliance with the Nebraska Insurance Statutes and Department of Insurance regulations by all insurers, insurance agents, brokers, and all others licensed by the Department of Insurance. In addition, counsel for the Department acts as a liaison with the Attorney General's office with regard to all pending litigation and/or appeals from administrative rulings. The Legal Division also acts as counsel for the Director in connection with the supervision, rehabilitation or liquidation of insurance companies and as an incidental part of that duty advises the Director in connection with the operation of the Nebraska Property and Liability Guaranty Association and the Nebraska Life and Health Guaranty Association.

The Legal Division consists of a General Counsel, and three Legal Counsel.

EXAMINATION DIVISION

The business of insurance has always been regarded as one vested with a public interest and therefore, subject to the regulatory power of the several states, including the authority in those states to make periodical examinations of insurance companies. The jurisdiction had never been questioned seriously until 1944, when an opinion of the United States Supreme Court in the Southeastern Underwriters Case was rendered and declared insurance to be interstate commerce and subject to the regulation by the Congress. The dual regulation thus created was somewhat held in suspense by Congressional action effective June 30, 1948 (Public Law 15), which retained the State's regulatory power over insurance, but added language to the effect that after the date mentioned the Federal Sherman, Clayton, and Trade Commission Acts would be applicable to the business of insurance, "to the extent that such business is not regulated by state law."

Examinations of companies by state insurance departments are required by laws of every state, and in Nebraska its statutes specify examination of Nebraska domestic companies at least once in three years. The right to examine companies domiciled in other states and licensed in Nebraska is also extended to the Nebraska Insurance Department by statutory provision. Examinations may be a complete review of all operations of a company over a certain period, or be confined to limited areas within a company's activities.

The Examination staff of the Nebraska Department is made up of salaried employees who have been selected by the Director of Insurance and have met the education (and/or) experience qualifications specified in our insurance statutes. Examiners are paid their salary and expenses out of the Insurance Examination Fund, a fund wholly revolving in nature, the income of which is the reimbursement from insurance companies for time spent by examiners and limited expenses incurred during the examination of companies. The fund is not financed by any general tax funds of the State. The present staff in the Examination Division of the Department of Insurance consists of: a Chief Examiner, an Assistant Chief Examiner, 10 Financial Examiners, 1 Actuarial Examiner and 4 Market Conduct Examiners.

PROPERTY AND CASUALTY DIVISION

The Property and Casualty Division, pursuant to Chapter 44, Article 14, of the Nebraska Insurance Code, is charged with the responsibility of promoting the public welfare by regulating insurance rates so they shall not be excessive, inadequate or unfairly discriminatory. To accomplish this objective, all rates must be approved by the Department prior to their use. Each rate filing is reviewed by members of this Division to verify the statistical justification for the filing.

Policies, forms and certificates of insurance are also subject to approval by the Department before they can be issued by the insurers. They are reviewed for compliance with Nebraska Statutes, clarity of language, benefit to the public and coverage commensurate with the rates charged.

During 1984, the Property and Casualty Division approved 7,064 filings. This represents an increase of nearly 5% from the previous year. This compares with increases of 38% and 20% the two previous years. Of these 7,064 filings, 169 were made by rating organizations (bureau) for member or subscriber companies. Another 816 filings were deviation filings from bureau rates and/or forms. Independent filings by individual companies totaled 6,098.

The following is a breakdown by category:

Fire & Marine	Multi-Peril	Auto	Liability	Other
1,103	2,408	1,425	1,449	679

During the year, 48 statistical plans and 24 experience reports were filed by statistical agents. These experience reports included the premium written and earned and the losses paid and incurred in a particular line of insurance for one, three and five year periods.

Under Nebraska's consent-to-rate statutes, 24 policies were filed where the rate charged was in excess of the filed rate.

The licensing of property and casualty companies seeking authority to do business in Nebraska is handled by this Division. During 1984, 61 applications by foreign and alien companies were reviewed. Twenty-three of those companies received a certificate of authority to do business in Nebraska.

This Division is also responsible for the review of surplus lines agents reports and the collection of surplus lines taxes. Sixty-seven surplus lines agents using 76 nonadmitted companies wrote $11,837,781.32 of premium in Nebraska in 1984. Premium taxes of $236,755.62 and fire marshal taxes of $24,841.80 were collected. This represents a premium increase of 79% from 1983.

The following summary shows the companies used, net written premiums as reported by agents, and also shows the number of agents which had either written or return premiums for the company.
